A great number of people today are finding it more difficult to remain optimistic about their life and future than ever before. So much has failed—marriage, family, personal relations, the job and economic markets, government, education and even the Church. Where is the hope and personal breakthroughs we desperately need? Clearly there is no hope in our natural existence. There never has been. That is why Christ came to this earth in the first place!

*Renew Your Hope! Remedy for Personal Breakthroughs* provides the answers that can change your life, your circumstances and your future.

- Learn the fullness of what Christ offers you
- Uncover the deceptions that have prevented you from moving ahead
- Discover Christ's authority and power that God wants you to operate in
- Take hold of the abundant, victorious life Christ died to provide you

You can have confident hope. You can have personal breakthroughs. Why wait a moment longer when this book places the answers in your hands?
