We are living in days of darkness just now and wickedness and evil are all around us. But let us not forsake in the darkness what we embraced in the light.

The way I see it we have three groups of people:

1. Those who are resigned and see current day events as the last day events foretold in the Bible who therefore offer no resistance and simply accept what is happening. These people are giving up.
2. Those who are realizing what they thought was reality in our nation is not true and instead of people in positions of leadership and influence and power working on our behalf the yare working against us. These are people who are waking up.
3. Then there are those who clearly see the efforts of the enemy, and the intentions of God, who choose to enter the battle to overcome evil with good and take back the land that is rightfully ours. These are those who are standing up.

Unity of God's people is what the enemy fears most. He knows when we are united with a proper understanding of who God is, and we partner together with God's plans, that his plans are doomed.

What do you really want for your life, and the life of your loved ones for generations to come? Mere survival by giving into the oppressions and control of the enemy or, grand revival by partnering with God as victors in Christ? Partnering with Christ is not merely praying in the safety of our prayer closets. Partnering with God is being personally engaged in every mountain of society, bringing our influence to bear upon government, education, business, media, arts/entertainment. And again to be truly effective we must first fortify Church and family, and we must fortify without delay. The window of opportunity is brief.

When those who are giving up, begin to walk up, together we can stand up and see revival in this nation and the nations of the world. What we need to do is unite under the banner to **Make America Godly Again.**

Align your soul with God's justice and by the Spirit of God, proclaim God's justice! The Hebrew decade of the 5780 is that of the mouth, so we must proclaim with our mouths the decrees and declarations of our Lord. I ask you to boldly:

- Call out evil spirits who have no authority! Evil spirits in America have no authority here because of God's covenant with America. Command they give up!
- Call out evil spirits in other nations where they have no legal authority. Command they give up!
- Call forth the revelation of the sheep nations with boldness that they are able to push back the works of the enemy. Command they wake up!
- Call out the illegitimate from the legitimate and praise God for rising up righteous men and women to lead us according to His will and not some evil agendas. Command they rise up!
- Call forth God's men and women who are to be His warriors of influence in the seven mountains of society. Command them to sign up!
- Add Psalm 94:12-15 to your daily scripture declarations and expect the Lord to be true to His Word. Command yourself to wise up!
- Deliberately choose to partner with God in His battle to redeem His people and overturn the evil that has sought to control and oppress God's people. Command yourself to stand up!

As the prophet Isaiah said, "Who among you fears the Lord? Who obeys the voice of His Servant? Who walks in darkness and has no light? Let him trust in the name of the Lord and rely upon his God," (Isaiah 50:10)
