

Pamela and David Christian
18032 Lemon Dr. #C206, Yorba Linda, CA 92886

August 25, 2024

Representatives Young Kim and Michelle Steel
Senators Diane Feinstein and Alex Padilla

The enclosed document is very clear regarding what is expected of you to properly represent the will of the people. As constituents you represent, we are expecting you to respond to each of the demands listed in the enclosed material.

We completely oppose unelected official's ability to represent the people of the United States in terms of health care to the World Health Organization who works with the United Nations. We can trace the loss of our sovereignty in terms of health care back to 1948 when Congress sold the American people out to the WHO. The Constitution provides the Federal Government no authority over health care and therefore Congress has no authority to delegate our health care to the WHO putting us under their constitution and that of their International Health Regulations and potentially this upcoming agreement.

We also encourage you to join the 50 co-sponsors of Andy Biggs' (AZ) HR 79 WHO Withdrawal Act. And as our Senators, why not copy and submit it as companion legislation? The 2024 elections are undoubtedly one where the greatest number of informed citizens will turn out and we sincerley hope to recognize you as doing your job, representing the will of the people in your jurisdiction.

The 1948 decision and the Biden Administration's funding of the WHO is entirely unacceptable and clearly not in the best interest of the sovereignty of the United States or the people. It is an America Last maneuver and sell-out of our nation to proponents of One World Government.

We are expecting you to fully read the enclosed and do all necessary to become fully informed on these exceedingly important issues AND to respond to the imminent deadlines identified, the first requiring action BEFORE September 20, 2023.

Please do not respond with an automatic response.

You took an oath to uphold the Constitution and to represent the people, and We the People are prepared to hold you accountable. You were elected in good faith that you would do your job properly. Here's a chance for you to demonstrate your motives.

Thanking you in advance for doing the right thing,

Pamela Christian
